

Dahlstrom Middle School

HILDA GARTZKE
Principal

JASON CERTAIN
Assistant Principal

PATTI PIPKIN
Counselor

January 27, 2010

We are hoping your business would consider helping us continue to make our school outstanding! We are fortunate because in years' past we have had many businesses and families' partner with us to provide extra learning enhancements for the students of our school. Thanks to the financial support and donating of supplies by our Partners in Education, we can provide additional programs, curriculum and many other activities that enhance the educational experience of our students.

We have an immediate need to provide snacks and bottled water to our students during TAKS testing.

We plan on providing a healthy snack of cheese crackers or peanut butter crackers in individual packets, including a bottle of water for each student, over the course of this very important testing season. This is a tremendous aid to these students as they take this very important academic test.

The total amount of cracker packets and water bottles needed is 2250

These supplies are needed by Friday, February 26.

Please contact me if you would like to make a financial contribution or donation of products.

Any and all help is greatly appreciated! Our students so appreciate this gesture to make the testing process as stress free and comfortable as possible.

Please know that we have the utmost respect and gratitude for our Partners in Education. In return for your generosity, we will give you as much name recognition as possible. We will add your business name to our Partners in Education display case on campus, and recognize you in on our website and parent newsletter.

Our campus is a great place to learn. Thanks to local community support, we are able to provide an outstanding academic experience for all Dahlstrom Middle School students. Please feel free to contact me to make a donation or to answer any questions.
