MMS Family,

Welcome back! I hope everyone enjoyed their summer break. We are extremely excited for the upcoming school year and cannot wait to get it started. Our campus has gone through a major renovation that has added much needed classrooms, a larger library, an additional dance room, an additional art classroom, and offices.

As you know the past couple of years have been difficult for everyone. We have all been through a lot and I am proud of our students, teachers, and community for being resilient through those difficult times.

Last year our students and teachers worked extremely hard as we transitioned back to school. I am proud to announce that all of the hard work and dedication from our students and staff has earned our campus a “B” rating in our state accountability! We also were awarded two state distinctions! This is a very difficult task to accomplish.

As we transition into the 2022-2023 school year, I wanted to share our goals for this year:

- McCormick Middle School will have a 96% attendance rate
- 100% of all McCormick Middle School students will complete a lunch application form
- McCormick Middle School will have an “A” rating in state accountability
- McCormick Middle School will increase by 5% in each testing category on STAAR test
- McCormick Middle School will improve by one quartile or maintain a quartile 1 status in state accountability.
- McCormick Middle School will reduce their total amount of referrals by 10%
- McCormick Middle School will have 50% their parents join McCormick PTSA group.

I believe with everyone coming together these goals will be met. I look forward to a wonderful school year and I am very blessed and honored to be the principal at McCormick Middle School.

Go Tigers!

Mr. Cruz
Principal McCormick Middle School
