ASSUMPTIONS, CLARIFICATIONS, & EXCLUSIONS

Schedule Items

Project Construction Duration and Substantial Completion shall remain dependent upon the Site Development Approval and the following criteria:

- The following milestones are to be met. The dates listed below are the latest possible dates to meet these milestones and any delays will impact the Substantial Completion Date and potentially additional costs to General Conditions.
 - o GMP approval to be received no later than 5 days after receipt.
 - o NTP to be received by February 26th, 2024.
 - o Site Permit to be received no later than March 5th, 2024.
 - o Building Permit to be received no later than April 1, 2024.
 - o If NTP is received prior to the date listed above, the Substantial Completion date will not adjust to an earlier date, due to material lead times.
 - o If the above criteria are unachievable Substantial Completion will need to be adjusted or acceleration costs further discussed.
- Substantial Completion: December 1st, 2025.
 - o Partial occupancy of CTE to be given by August 1, 2025.

General Assumptions

- 1. Guaranteed Maximum Price (GMP) Amendment is not a line-item guarantee. The breakdown of cost is to show a path to the lump sum guaranteed maximum price and is for reference only.
- 2. All cost savings or any approved value engineering savings will be added to the CMAR's Contingency.
- 3. We assume normal working hours. However, to maintain the schedule we may perform work outside of normal working hours. We will advise Owner when we plan to work outside of normal work hours.
- 4. The Contractor and the Owner agree that the following rates are fixed and will not be subject to change unless otherwise expressly stated in this contract or mutually agreed to and will be used to determine and define "Actual Costs".
 - SDI is included at a fixed rate of 1.50% (include any anticipated rate increases and date it goes into effect)
 - o Payment and Performance Bond is included at a fixed rate of .67% (include any anticipated rate increases and date it goes into effect)
 - o GL and other insurances, as defined by the contract, are included at a fixed rate of 1.0% (include any anticipated rate increases and date it goes into effect)
 - Builder's Risk insurance is considered cost of work and reimbursed at an approximate rate of .12%.
 - o Labor Rates included below. The Actual Costs for each of the agreed to rates includes all normal and customary payroll paid by the Contractor plus all fringe benefits, taxes and insurances.
