Mascot and School Color Proposal
Who are we?

• We are members of the inaugural Hays CISD School Board and Superintendent’s Student Advisory Panel
  • We are current 10th-12th grade students who attend either Hays High School, Lehman High School, or Live Oak Academy.
  • In September 2017, we had to apply to be a part of the panel. Our applications were reviewed by staff on our campus, and then we were selected to be the representatives of the student body on our campus.
  • The purpose of our panel is to ensure that Hays CISD School Board Members and Administrators are hearing student voice on important issues throughout our district.
  • We meet once a month during the school day to discuss a variety of issues. Some issues are brought to us by the Board and/or Administration. Some issues are brought up by us.
Who are we?

• Issues we have discussed so far:
  • What was the best way to open High School #3 (it wasn’t named at that time).
    • We recommended to the Board and Administration that it should open as a 9th & 10th grade campus instead of all four grades.
  • We were updated and gave our thoughts regarding, among other things:
    • Ongoing construction projects
    • The search for the new Superintendent
    • New elementary attendance zones
    • Naming of the two new schools
    • Dual credit vs. AP courses, how GPA is calculated, class ranking and how that is different depending upon the campus you attend
    • We took a visit to the Hays CISD Data Center
    • And we have begun some discussions about campus safety
    • Then we were given our first project of creating a process for the selection of the mascot a school colors for Johnson High School, the school had a name by this time, and that is why we are here with you this evening.
The Selection of the Mascot and School Colors for Johnson High School

• The process:
  • We thought it was best for the entire community to have an opportunity to nominate options for the school colors and mascot.
  • Once those were collected, we viewed them to determine the final options for a vote.
  • We thought that all current 6th-12th grade students in the district should have the option to vote.
  • Voting was concluded on Friday, March 9th, and we reviewed the results at our March meeting on Wednesday, March 21st.
