Date Started	Person Nominating:	Name Suggestion:	Reason:
11/19/2021	David Sifuentes	<b>Abraham Lincoln</b>	A great man who did great things and naming a new school after him gives hope that all who enter the halls are equal and treated fairly with respect.
11/12/2021	Wendy Cordero	<b>Ada Lovelace Elementary</b>	A gifted mathematician, Ada Lovelace is considered to be the first computer programmer, an industry that has since transformed business, our lives and the world. In an industry still dominated by men, it's particularly striking that the first programmer was a woman.
11/12/2021	Coach Spradling	<b>after Mark Jones</b>	Mark has been involved with HAYS CISD for a very long time. He volunteers his time at track meets, varsity basketball books, football games, and not to mention he's a great person. He's very involved in the Hays CISD community, as well as the Kyle and Buda communities.
11/12/2021	Kayla Garcia	<b>Albert Murray</b>	Albert Murray changed the way that race was discussed, and considering the lack of education on racism in america/ non existent black history taught, it seems only fitting to name a school in honor of the person who changed the way race is spoken about to help encourage the continuation of these conversations, and honor the bravery to have initiate these types of changes.
11/12/2021	Charlotte Blanch	<b>Albesa Saldana</b>	Though her name is not well known, her actions changed both Texas and US education law. My Grandmother was the first person to push for legal action in the fight against educational discrimination in Texas. Her efforts and contributions to the educational system can be viewed in the documentary, Stolen Education by Enrique Aleman Jr. She was brave and strong in both her conviction and faith. Hernandez et al. vs. Driscoll CISD (1957) was the Cort case that started it all. This helped lead to the federal case that granted equal rights and treatment of all students in public schools. I would love to see her recognized for her strength and dedication to justice. If you have any other questions please let me know.
11/12/2021	Jordan Reed	<b>Angelina Eberly Elementary</b>	Angelina Eberly (1798-1860): In 1842, in the midst of the Archive War, president Sam Houston ordered three wagon loads of state archives moved to Houston ostensibly to protect them from the Mexican Army who had re-taken control of San Antonio, Goliad, and Victoria. His real aim was to begin quietly moving the capital to Houston. It was Eberly who took a bead on the escaping document thieves and fired a six-pounder across their path, thereby alerting the citizenry. A vigilante posse was quickly formed and Houston's henchmen were relieved of the archives at gunpoint just beyond Brushy Creek in nearby Williamson County.
11/19/2021	Erin Barnett	<b>Ann Richards</b>	I don't think we have any schools named after women in this district. Ann Richards was a strong supporter of education in Texas.
11/20/2021	Aidee quintero	<b>Antioch colony elementary school</b>	Antioch black colony was established by former slaves in buda and a school was built when schools were desegregated in 1961.

11/14/2021	Amanda Montgomery	<b>Antioch Elementary</b>	Antioch Colony was a settlement in Buda where freed slaves lived in community with one another. I am proposing this name as an opportunity to celebrate Buda's rich history of diversity.
11/28/2021	Bronwen Butler	<b>Antioch Elementary</b>	Antioch Colony was a freedman's settlement in this area--a rural ante-bellum African-American community also known as Old Black Colony. This was a piece of history I was pleasantly surprised to learn, and something that was definitely left out of my history books. As an adult born and raised right here in Central Texas, I think this could be a great way to get students, parents and the broader community interested and re-invested in learning our shared history. Descendants of some of the previous Antioch families still live in the community, too, which offers a deeply important connection between past and present. More info about Antioch Colony can be found here: <a href="https://www.youtube.com/watch?v=wqQMsljVDW8">https://www.youtube.com/watch?v=wqQMsljVDW8</a>
11/12/2021	Jessie Hargrave	<b>Audie Murphy Elementary</b>	Audie Murphy was a proud Texan Soldier in the US Army. He saved countless lives in WWII. he is credited as being the most decorated soldier in the war, including the Medal of Honor. After the war he went on to have a successful career in Acting, and worked with the military to advance awareness of PTSD in soldiers. 11/12/2021	Sicilia Brown	<b>Barack H. Obama Elementary school</b>	He was the first president of color. We need unity more than anything now and I think it would be an honor for the residents of Kyle to have such a prestige name.
11/19/2021	Michelle Hernandez	<b>Barack Obama Elem</b>	With all the injustices and racism that has/is going on, we need to honor a biracial hero! He was the first black president and he's very import to citizens of all colors.
11/14/2021	Terry Swan	<b>Barack Obama Elementary School</b>	President Obama is a great inspiration and role model. Growing up in adversity, he persevered to become the greatest president of our time. He shows that with hard work and dedication, a young black kid can achieve anything he sets his mind to. Let's send message to our kids: if you work hard and do well in school, there's no limit to your achievement.
11/21/2021	Catrina Ellison	<b>Barak Obama</b>	Because he is a former POTUS and stands as a significant figure in our history.

A Democrat, she was the first African American elected to the Texas Senate after Reconstruction and the first Southern African-American woman elected to the United States House of Representatives

11/19/2021	Michelle Dowell	<b>Barbara Jordan Elementary School</b>	Barbara Jordan was an amazing Texan, Austinite, and American. Also, there are few schools in this district named after women, much less named after women of color. Bio: Raised in Houston's fifth ward, Barbara Jordan shattered a lot of glass ceilings for her successors. In 1966, Jordan was the first black woman to be elected to the Texas State Senate (and the first African American to be elected after the Civil War Reconstruction Era). In 1972, she was the first black woman to represent Texas in the United States House of Representatives, and upon her death in 1996, was the first black woman to be buried in the Texas State Cemetery.
11/12/2021	Emilia Faz	<b>Becerra Elementary</b>	I think Judge Becerra is a great representation of our Hays community and the values we want our kids to have. He is a great leader who has fought for positive change in our county
11/19/2021	Jennifer Storm	<b>Beep Elementary</b>	Located on/near old heep ranch.
11/12/2021	Megan Mossman	<b>Bessie Coleman</b>	When Bessie Coleman was a child, she walked four miles to attend her segregated, one-room school. Through her studies, Bessie succeeded academically and cemented herself as a proficient reader and brilliant at math. While earning her education, Bessie helped her family harvest cotton. After moving to Chicago and hearing soldiers' stories of piloting planes during the First World War, Bessie knew she wanted to command an aircraft. Because of the racist and sexist barriers that prevailed in U.S. aviation academies, Bessie saved up enough money to travel to France, where she was able to earn her pilot's license. Once Coleman ultimately returned to the U.S. she earned the nickname 'Queen Bessie' for her skilled performances at exhibition flying. She conducted daring stunts and exhibited her aviation talent before paying American audiences for years. Bessie hoped to use her career to combat racism and promote equal opportunity. She would refuse to perform for events that prohibited Black Americans from attending. She also traveled the country speaking about aviation opportunities for African Americans. Bessie dreamed of opening up an aviation school for pilots of color, however, she died at the age of 34 after her plane suddenly crashed. Despite her premature death, Bessie served as an inspiration for African American pilots for decades.

Do the right thing, this should be Brooks Elementary in their honor.....
11/12/2021	Keith McLemore	<b>Cantona Elementary School</b>	The Jumano, Cibolo, Cantona, and Casquesa native American groups used to frequent the springs of this area annually for thousands of years. It would be terrific to honor one of them since so little is done to mark the heritage of the people that lived here for over ten thousand years before us.
11/12/2021	Sara Villanueva	<b>Cesar Chavez</b>	Because we need to start naming official buildings and schools after people of color who are important historical figures.

11/12/2021	Joshua Harper	<b>D.E. Crumley Elementary</b>	Douglas Elwain Crumley, known to many in this community as D.E. was a long term resident and community icon and I can not think of a more fitting tribute to him and this community than this school being named in his honor. Before his passing in 2018 at the young age of 97, D.E. served in the United States Army, ran a dairy, and maybe most notably owned and operated D.E. Crumley Grocery in the Onion Creek area which was the last store coming south before entering Hays County. Born on March 19,1921 in Teck, TX. D.E. grew up around Haynie Flats in the Spicewood area and along Crumley Ranch Road in Dripping Springs with five siblings. D.E. met Nova Jane (Babe) Bond and they married on May 26, 1943. They were married for 72 years before Nova's passing in 2013. At age 18, he helped to relocate a cemetery before Mansfield Dam was built and Lake Travis was created and often retold the story to friends and family. D.E. enlisted in the Army on June 18, 1942 serving as a cook and trained as a medic before his honorable discharge in 1946. In 1948 they purchased property in the Kyle area off Windy Hill and Mathias Lane and operated a dairy for almost 20 years. Often passing out milk to friends and neighbors in need. In 1965 he and Nova left the dairy farm to open and operate D.E. Crumley Grocery on the newly built IH-35. The store was an Austin landmark once known for its impressive Christmas light display. He said that putting up Christmas lights for the public was a family tradition, started by his mom and dad "at the home place". The Austin American Statesman once said that "people didn't fall in love with the store's produce, but rather Mr. Crumley's charm". D.E. enjoyed bringing cheer to peoples lives and that often involved a prank or two, many store visitors will remember the Texas Mongoose that he loved to show off and used to initiate first-time visitors or the silver dollars and quarters glued to the stores floor. . In July 1980 Texas Monthly listed the store under Best Christmas Decorations in their article "The Best Strikes Back" and mentioned it again in 1982 stating it took "D.E. Crumley four days to string the lights". D.E. was quoted as saying he'd like to continue, but "at my age (61), you don't commit to anything". Over the years various television stations sent reporters out to interview D.E. during the Christmas season. You

Because of his commitment, service and passion, I feel we should name the school Jim Cullen Elementary.

11/12/2021	Lisa Bell	<b>Jorge Garcia Elementary School</b>	Jorge Garcia worked for Hays CISD for many years. He passed unexpectedly and left behind his wife, Allison Garcia, who still works for Hays CISD, and his children. I worked with Mr. Garcia at Wallace Middle School when he was a counselor and he was always helpful, kind, and thoughtful to his colleagues, students, and parents. I think it would be a fitting tribute to Mr. Garcia to have a school named after him. Thank you for considering my input.
11/12/2021	Camille Tobias	<b>Jorge L. Garcia</b>	Jorge was Hays High School graduate of 1977. He went on and attended Prairie View A&M and Texas State to become a counselor. He was only a school counselor for Hays CISD. He loved each and every one of his students are truly cared about them no matter their age. A lot of people said that he was only reason why they graduated from high school. There was no limit in his eyes to go above and beyond for his students who needed help. Jorge passed away unexpectedly in February of 2020. His legacy will live on forever.
11/14/2021	Sandra Bryant	<b>Jorge L. Garcia</b>	This reason and so many more, I nominate Jorge L. Garcia, "For close to three decades, his kind demeanor and dedication as a longtime Hays CISD secondary school counselor will forever resonate in the hearts and minds of the numerous students he helped along the way." His impact reached beyond the classroom and into the lives of students across the district. He left a legacy that will forever be known, as the district highlights: "Hays CISD's Hispanic Legacy";
11/19/2021	Laurie Stradling	<b>Juanita Craft Elementary</b>	I'd like our district to spotlight famous Black Texans, so I researched up a woman named Juanita Craft Juanita Craft was a civil right activist and worked as an NAACP leader in Texas to desegregate schools, from elementary clear up to University of Texas Law School. In addition to visiting the White House on invitation from three presidents, Craft received local and national honors from the city of Dallas, the NAACP, the Eleanor Roosevelt Humanitarian Award, and many more. I think she is a good example to us as Texans for fighting for the right things, and giving all students a chance at a good education.
11/12/2021	Erica Gallardo	<b>Judge Beth Smith</b>	Judge Beth Smith has been a pillar of the community as her often unopposed judgeship proves as she's been re-elected for many years. She cares deeply about the children in our community as she supports them through donations to the district. When students are filed on in court or seen before her for community infractions, she is fair and often provides numerous options to handle their case through supporting the community and being productive members of society rather than statistics. She has a heart to better her community and truly serves the constituents. Judge Smith should be honored for the work she's doing, while she's alive and what better show of gratitude than to name this new school after her.
11/12/2021	Dana Barker	<b>Judge Smith</b>	Judge Smith has been a resident in Hays for awhile. She is always looking out for our best interest as a community. Great role model and deserves to be recognized.

11/16/2021	Judith Lima	<b>Judith Lima Elementary School</b>	I attended Fuentes Elementary School, Chapa Middle School, and Lehman High School during my time in K-12 education. While at Hays CISD I participated in soccer, powerlifting, UIL, mariachi, student government, and much more. I then attended UT Austin where I worked various jobs in order to graduate debt free from my bachelors degree. Now, I am working for Dell Technologies while mentoring college students, participating in the District Leadership team, and more. I come from an immigrant family and as a first generation student, I represent every child that was told they could not do something because of their parent's education level, race, and gender. Hays county has gentrified our community for too long and as we are building for a better, more inclusive future we can name the school after someone who inspires hope. It doesn't have to be me, I just think we need to be better at creating our own mentors and leaders from the school District regardless of socioeconomic background. I'm in the middle of starting up a pilot program of alumni mentors at Lehman High School and that's what I want to do.

11/12/2021	Johanna Levi	<b>Lloyd Doggett Elementary School</b>	Congressman Lloyd Doggett has been serving the people of Texas for over 40 years. He served as a Justice to the Texas Supreme Court. Most recently he has served as congressman for the 35th district where this new school is located. Save the Children recognized his leadership with the Congressional Champion for Real and Lasting Change Award. He received the 'Vision Award' from the Power of Preservation Foundation for his commitment to historic preservation. He was also awarded the 'Champion of Music' award by the Texas Chapter of The Recording Academy, which sponsors the Grammy Awards, and has been recognized 12 times by Austin Chronicle readers with a 'Best of Austin' award, most recently in 2021. 11/12/2021	Maritza smith	<b>Marie Curie</b>	Marie Curie (1867–1934) was born Maria Sklodowska, in Warsaw, Poland. She became the first woman to win a Nobel Prize and the only woman to win the award in two different fields (physics and chemistry). Curie's efforts, with her husband Pierre Curie, led to the discovery of polonium and radium and, after Pierre's death, the further development of X-rays. Both of Curie's parents were teachers. Her father, Wladyslaw, was a math and physics instructor. As a child, Curie took after her father. She had a bright and curious mind and excelled at school. But despite being a top student in her secondary school, Curie could not attend the male-only University of Warsaw. She instead continued her education in Warsaw's "floating university," a set of underground, informal classes held in secret. For roughly five years, Curie worked as a tutor and a governess. She used her spare time to study, reading about physics, chemistry and math. Curie completed her master's degree in physics in 1893 and earned another degree in mathematics the following year. I personally think Marie Curie is a strong role-model for our future youth. She demonstrates courage, strength, and determination when it came down to her studies. Additionally she comes from a strong line of educators.
11/12/2021	Wendy Cordero	<b>Marie Curie</b>	Marie Curie changed the world not once but twice. She founded the new science of radioactivity – even the word was invented by her – and her discoveries launched effective cures for cancer. 'Curie boasts an extraordinary array of achievements,' says Patricia Fara, president of the British Society for the History of Science, who nominated the Polish-born French scientist. 'She was the first woman to win a Nobel Prize, a first female professor at the University of Paris, and the first person – note the use of person there, not woman – to win a second Nobel Prize.'
11/21/2021	Amber Jensen	<b>Marietta Elementary</b>	Women are often overlooked in history. When I read Marietta Barton's name on the historical marker at the original Buda Elementary, it intrigued me. It struck a chord with me that someone knew about her dedication to the cause of integration and included her. Robert Barton's dedication to Buda is well known, but perhaps it's time for an honor to the woman who stood by his side, believing in fairness and equality for all.
11/12/2021	Heather Wartenburg	<b>Mark &amp; Kerri Jones Elementary</b>	Mark and Kerri do so much for the community not only in education, but roads, sporting events, young life, parades, traffic lights. You name it they step in and do it. Their mascot could be the Cowboys. It would be wonderful.

11/12/2021	Jennifer Holler	<b>Mark Jones Elementary</b>	Mark Jones is the Hays County Commissioner who stands every morning (and most afternoons) at the intersection of 1626 & 967 to help adjust the stop lights. If you haven't been to that intersection when Johnson HS, Dahlstrom MS and Carpenter Hill ES for morning drop off or afternoon pick up, it's a logistical nightmare. He's out there rain or shine and, from what I hear, is an absolutely amazing citizen for our county.
11/19/2021	Greta von Paumgarten	<b>Mark Jones Elementary</b>	Because Mr Jones has been there for the people of the community through the years. He even stands out in good and bad weather to make sure traffic has flowed for the kids to get to school. He has been a great Commissioner and deserves the recognition!

He has worked basketball games and track meets among many other sporting events, he helps with 5K's, emceeds many school events across our district, helps navigate traffic in all of our local areas, and has dedicated his life to our community and school district. Hays CISD would not be what it is today without Mark Jones and his consistent presence in our community over the past 30 years.
11/12/2021	August Cravens	<b>Mark Trevino Elementary School</b>	Mark Trevino was a Hays CISD transportation employee for 14+ years. He died of COVID Jan 2021. Even with his health risks he continued to care for his students, community, and district. He strived to teach his students in every facet and was always there for anyone. He had a heart of gold that truly deserves to be honored. Naming the elementary school after him would be a tribute to who he was and what he wanted to accomplish for our students and district. Mark always looked for ways to improve safety and learning for our district. He was a one in a million type person and his name would make a one in a million school. He devoted his life to our district, this is the least we can do to honor his vision and sacrifice for the beautiful children he served on a daily basis.

11/19/2021	Evan Otto	<b>Mary Branch</b>	In 1930, Mary Elizabeth Branch was appointed the president of Tillotson College in Austin, having risen as an educator at Virginia State College and Dean of Women at Vashon High School in St. Louis, then the largest school for Black women in the nation. Branch transformed Tillotson from a struggling junior college for women into a successful four-year college. During her administration, enrollment steadily grew, and in 1936, the college was admitted to membership in the American Association of Colleges. Her work rescued the school from near ruin and paved the way for a future merger with Samuel Huston College, forming Huston-Tillotson University in 1952.

11/27/2021	Deniese S Harvey	<b>Null Elementary</b>	Coach David Null was a contributing member to our Hays CISD faculty and students, as both a teacher and coach. He passed away in 2016. Personally, he became a mentor to my daughter while in high school and influenced her career path in the field of science. Coach Null was more than just a coach, he made chemistry fun and encouraged student's success. He was regularly chosen by students, in the top 25% of the Hays high senior class, as their most influential teacher (Linebarger Recognition). To honor Coach Null in this manner would recognize the contributions he made to our school district as both a coach and his influence in STEM.

11/12/2021	Amber Leonard	<b>Presley Elementary School</b>	Presley Elementary, after Bob Presley. (He was my high school principal.) For many teachers, Bob Presley is the reason they came to Hays CISD. And in many cases, he's the reason they've stayed. After nearly 20 years with Hays CISD and more than 43 years in the business, Presley is retiring as Deputy Superintendent, leaving a legacy of mentoring, hiring and mediation skills that won't quickly be replaced. Perhaps the greatest gift he leaves behind, however, is a spirit of team: Team Hays for those 2,000 plus 'insiders,' who work for the school district. 'Bob Presley epitomizes the Team Hays spirit,' said Carolyn Hitt, Hays CISD Executive Director of Human Resources. 'He looks for the best, expects the best, and gives his best. He's a human resources magnet, drawing people to our school district by the hundreds. I'm one of them. He sold me on Hays CISD over the telephone " before I even knew where Hays was.' -Courtney Meredith (Amber Leonards Mom)
11/12/2021	Caleb Cummings	<b>Quanah Parker Elementary</b>	Given Quanah Parker was the last chief of the Comanche tribe, and Jack C. Hays led the Texas Rangers on a campaign against the Comanche tribe throughout Texas, it would add some historical balance and semblance of telling the complete story to honor both men. Hays deserves the honor for his service, and both Parker and the Comanche deserve to be honored.

11/19/2021	Scott McCauley	<b>Quannah Parker Elementary School</b>	Quannah Parker soon became known as the principal chief of all Comanche, a position that had never existed. During the next three decades he was the main interpreter of white civilization to his people, encouraging education and agriculture, advocating on behalf of the Comanche, and becoming a successful businessman. The Comanche tribe settled in vast lands of Texas and still are existing reservations close to our areas in central Texas. Of all the above, he also was a distant relative of mine and my mother's side of the family.

11/27/2021	Carolyn M. Asbell	<b>Sunfield Elementary School</b>	When we bought our new home on Vista Gardens Drive three years ago, we were told by the builder's representative that the large piece of property a block away had been set aside for the construction of a school within the subdivision. In my opinion, it only logical that this school within this very large, growing subdivision be named Sunfield Elementary.
11/28/2021	Michael Lakod	<b>Sunfield Elementary School</b>	The residents of Sunfield are proud to have an elementary school in our neighborhood which will be so convenient to many families in the Sunfield area. It makes sense to name the new elementary school Sunfield elementary school.

11/19/2021	Leigh-Anne Clabby	<b>Susana Dickinson Elementary</b>	'Susana Dickinson (ca 1814-1883) or 'The Lady of the Alamo' is said to be the only Anglo survivor at the battle of the Alamo. She experienced every hour of the two-week-long siege alongside the defenders. Her husband, Almaron Dickinson, took both Susana and their child into the fortress so that they could be near him during the ensuing battle. The Dickinsons moved into the Alamo on February 23, 1836. After the battle of the Alamo, she was found in the powder magazine. Shortly thereafter she was interviewed by Santa Anna, who sent Susana to Gonzalez to inform the Texans that he would 'put down all resistance,' and unless they surrendered they would suffer the same fate as those at the Alamo. It is said that upon delivering this message Susana sent, not a note of warning, but rather a battle cry for Texans to rally.'
11/19/2021	Kristy Gonzalez	<b>Texas Ranger Elementary School</b>	Hays was a Texas Ranger.
11/22/2021	Gaylen White	<b>Thames Elementary</b>	I am proposing this name since the Thames family has been instrumental in the history of Buda. There's buildings with their name on the top along with one of them building the building across the tracks at the light in Buda. One brother built coves of cimmaron and various other subdivisions. Ruby Ranch was developed into a beautiful place, another brother has and did help 1000's of children with 4H and there's a huge list. They were born and raised in Buda many many years ago and still reside in the area.
