

1/12/24 9:48-10:45am

Attendance: Paulo, Julian, Ernie, Kelley, Alyssa, Elaine, Rosie, Patty, Laurelyn, Liz

Agenda: Touch base after the winter break

- 1) New topics from the employees
- 2) Recap and adjust our presentation for Dr. Wright

New Items:

- 1) Suggested that repeated vandalism behavior students on the bus come to transportation on the weekend with their parents to work on the buses that they vandalize
- 2) Students needing community service can come help wash buses and do work to help shop out during the summer.
- 3) Suggested that after school buses do not take-home students who are staying after school for punishment. Meaning if you stay after for detention or whatever you need to have your parents pick them up as a part of the punishment.
- 4) Suggested that a more heavy-duty absorbing powder for vomit or accidents be put on the buses as the stuff in our body fluid kits is not enough or as fast acting as the stuff they use inside the shop. It's called Quik-Clean.
